Program: Planning Colors for Warp Rep

Ginger Kaldenbach took Rosalie Neilson's Rep Weave workshop in Hood River this past summer. She will share the process she used for selecting colors for the 4-block, 5-block rep weave runner, based on the draft that Rosalie provided. We will use color value tools, and look at various rep weave pieces. Color and value are important to all fiber arts.

HEADS UP

Our May program will be on Needle Felting. Kathi Keller would appreciate any donations of roving so everyone can have a "hands-on experience". You can bring any donations to the next meeting or contact Kathi.

FIBER ARTS DEMONSTRATORS NEEDED

Several times each year COSW has the opportunity to share the world of fiber arts with the public. We're developing a list of members who are willing to be contacted to see if you are available when we have demonstrator openings needing to be filled. Being on the list does not obligate you to any specific event. Having the list will help us know what events and activities we may be able to commit to as a group, especially when timelines are short.

If you are willing to demonstrate your knowledge please contact *Sandy Prock* to get on the list. Let her know your contact information, if you can demonstrate spinning or weaving or some other type of fiber art (knitting, crocheting, needle felting, tablet weaving, kumihimo, etc.), and if you can bring your own equipment or if you would need to make use of COSW equipment (primarily table looms). If you have a more formal type of presentation suitable for a group setting (rather than demonstrating to people who stroll by and ask questions) let her know that as well.
